Dear Parents,

The textbooks and stationery packs have been selected by each grade to reinforce, review and enhance the concepts that are taught throughout the year. They are in the core Key Learning Areas of Literacy and Numeracy. Below is a list of textbooks for 2020 for Kindergarten.

Kindergarten Stationery Pack

Cost - \$35.00

Each student will be invoiced for textbooks and a stationery pack this term. All students were supplied with their textbooks at the beginning of the year. A very large part of the budget is used to purchase the textbooks so prompt payment would be greatly appreciated. If the purchasing of the textbooks is causing concern, the school has **Student Assistance Funds**. This money is given by the government to support education in school. Please make an appointment with me to discuss the matter. It is always kept in the strictest confidence.
